

# "We don't believe in beginner's luck."

Chama Martin of Mason, Texas knows something about winning. At eleven years of age, this little lady has enjoyed tremendous success in the show ring, including several Grand Champion and Reserve Grand Champion goats at prestigious shows such as Houston, San Antonio, and The Star of Texas in Austin. Chama has also had some impressive wins in the cattle ring as well, including the Breed Champion Santa Gertrudis steer at the 2006 Houston show.

Chama shows her Breed Champion Santa Gertrudis steer at Houston 2006

Sierra shows her second place polled Hereford at Houston 2006

This year, Chama's little sister has entered the show ring and is continuing the Martin family's tradition of winning. Nine year old Sierra Martin went to the Houston Livestock Show with modest hopes for a good show, but she ended up blowing the judges away in the cattle, lamb, goat, and the swine barns! *In her first year of showing*, Sierra's livestock made the cut for the Houston sale in **ALL FOUR SPECIES!**

**1 steer fed CircQlate™ and Crusade™**  
**1 lamb fed Xcalibur™, Crusade™, Oxy-Boost™, and Octane™**  
**1 goat fed Xcalibur™, Oxy-Boost™, and Octane™**  
**1 pig fed CircQlate™**

## Sierra Martin puts up a Straight Flush in her first year of showing!

"We don't believe in beginner's luck," says father Glen Martin. "We start with the best genetics we can, the girls work real hard, and we always use Oxy-Gen supplements. We've tried a few other supplements but we stick with what works. Oxy-Gen gives our livestock better muscling and conformation, they are more energetic and show incredible bloom, and travel so much better. They get out of the trailer fresher, relaxed, and show no travel stress. We've counted on Oxy-Gen products for years, and we really trust Oxy-Gen to make our livestock the best they can be."
